

## Overview

Dotworkz now offers a Sunshield accessory for the S-Type Housings. KT-SUN-ST is a cost effective, field installable solution to reduce the thermal loading inside the S-Type housing, keeping your camera running cooler in direct sunlight. Ideal for sunny environments, and designed as a streamlined and clean covering to the S-Type Lid.

## Key Features

- Designed to Reduce Thermal Loading to any S-Type Housing model
- Hinged Design for Easy Housing Opening and Access inside housing
- Made of Heavy Duty Aluminum Construction with
- Rugged White Powder Coat Paint matching housing color
- Field Installable with simple tools
- Secure Mounting design
- Stainless Steel Hardware Included

## Applications

Ideal for moderate environments though extreme hot climates. Durable Powder Coat Paint is ideal for Marine applications, as well as general environments. Good for remote solar, commercial, industrial, and virtually any deployment that has solar loading concerns. Great with use on COOLDOME, Tornado, Heater Blower, and Base S-Type housing models.
