

Canon CR-N500

Recommended Dotworkz Enclosure:

HD12

- Fixed bracket (0.0 in. Standoffs)

Camera Housing Notes

This camera is compatible with the HD12 broadcast housing. The Canon CR-N500 mounts directly to the fixed mounting bracket with no standoffs.

Summary

The Canon CR-N500 is a large form factor camera with a footprint of 200mm x 269mm x 208mm (WxHxD), making it a great candidate for the HD12 housing.

Interior Climate Controls

Dotworkz offers advanced interior climate control systems for camera housings, ensuring optimal operating temperatures for surveillance equipment in all environments. Dotworkz camera housings feature both active heating and cooling to protect surveillance equipment in challenging conditions.
